

Catherine West MP backs our candidates!

Haringey Labour is building a fairer, greener borough. Investing in parks and green spaces, tackling the cost-of-living crisis and building council homes for Haringey families in desperate need.

Together with Sadiq Khan, Haringey's Labour Council has delivered free school meals for all primary school children, helping every child thrive. This is what a Labour Council working with a Labour Mayor can achieve.

I am proud to stand up for Haringey in Parliament, and I am proud of George, James, and Navdeep who work hard for Stroud Green all year round. "

OUR PRIORITIES FOR STROUD GREEN

SAFER STREETS AND ROADS

Residents shouldn't have to put up with intimidation, vandalism, or noise. We've secured an order that **cracks down on ASB** throughout the borough.

TACKLING CRIME AND ASB

We want to make Stroud Green safer by tackling speeding and cut throughs, **developing cycling infrastructure** and resurfacing roads.

PRIDE OF PLACE

We're investing in parks and green spaces. From renovations at **Stationers Park**, to **planting thousands of trees** across the borough.

Meet the team

BUILDING A FAIRER, GREENER, BOROUGH

As the Chief Executive at a local homelessness charity in Haringey, I help provide resettlement services for vulnerable people across London.

As a Haringey councillor over the last four years, I've gained skills and knowledge that I will continue to put to good use. It's a privilege to serve our community and support some of

the most marginalised across our borough.

I'm passionate about our community and I'm more ready than ever to continue making positive change.

CLLR GEORGE DUNSTALL

HARINGEY LABOUR IS HERE FOR YOU

We've delivered real change to make Haringey a fairer, greener place. We've built almost 1,000 council homes - one of the strongest records in the country. We've upgraded 21 parks, planted 6,000 trees, and increased enforcement on fly-tipping and ASB. We've stood by our communities to keep Haringey safe and cohesive at a time when this is more important than ever before.

I'm proud that we've done all this while protecting our frontline services, and despite the crisis in funding for local councils.

But I will always be more ambitious for the 'Rebel' borough I was born and raised in. From clean streets and safe neighbourhoods to green spaces and quality schools and libraries, I will always fight for a better Haringey.

JAMES HAND

I care deeply about our Stroud Green community and I want to give back by providing a fairer, more equal Haringey for all.

Building on the progress already made, I want to focus on local issues in a hands-on manner; safe neighbourhoods, strong local services, protecting our environment,

and supporting the businesses that keep Stroud Green thriving.

Improving public services and strengthening planning for stronger outcomes has been the focal point of my career, shaping the councillor I want to be: transparent, a listener and a pragmatic problem solver.

I'm standing to be a strong voice for residents, as I want to help our local community as best I can by ensuring their concerns shape local decisions. I live next door in Crouch End with my husband and two children, who attend local schools.

I've heard residents' concerns about housing, crime, anti-social behaviour,

and green spaces and parks. I will strive to tackle these issues, and I will work hard to address inequality and improve living standards for Stroud Green. Residents deserve to feel safe and proud of our diverse and wonderful community.
